

Module 7

Discovering Related Assets

Asset Relationship Overview :

- Relationships view is a graphical representation of the relationship between the selected asset and other assets in the Enterprise Data Catalog (EDC)

هو مجرد رسم تمثيلي للعلاقات بين Assets المحدد و Assets الاخرى

- The type of assets shown by EDC in the diagram depends on the type of asset that you select

بباعتبار نوع Assets التي يظهر علي نوع ال Assets التي انا اخترته

شرح مع الصور

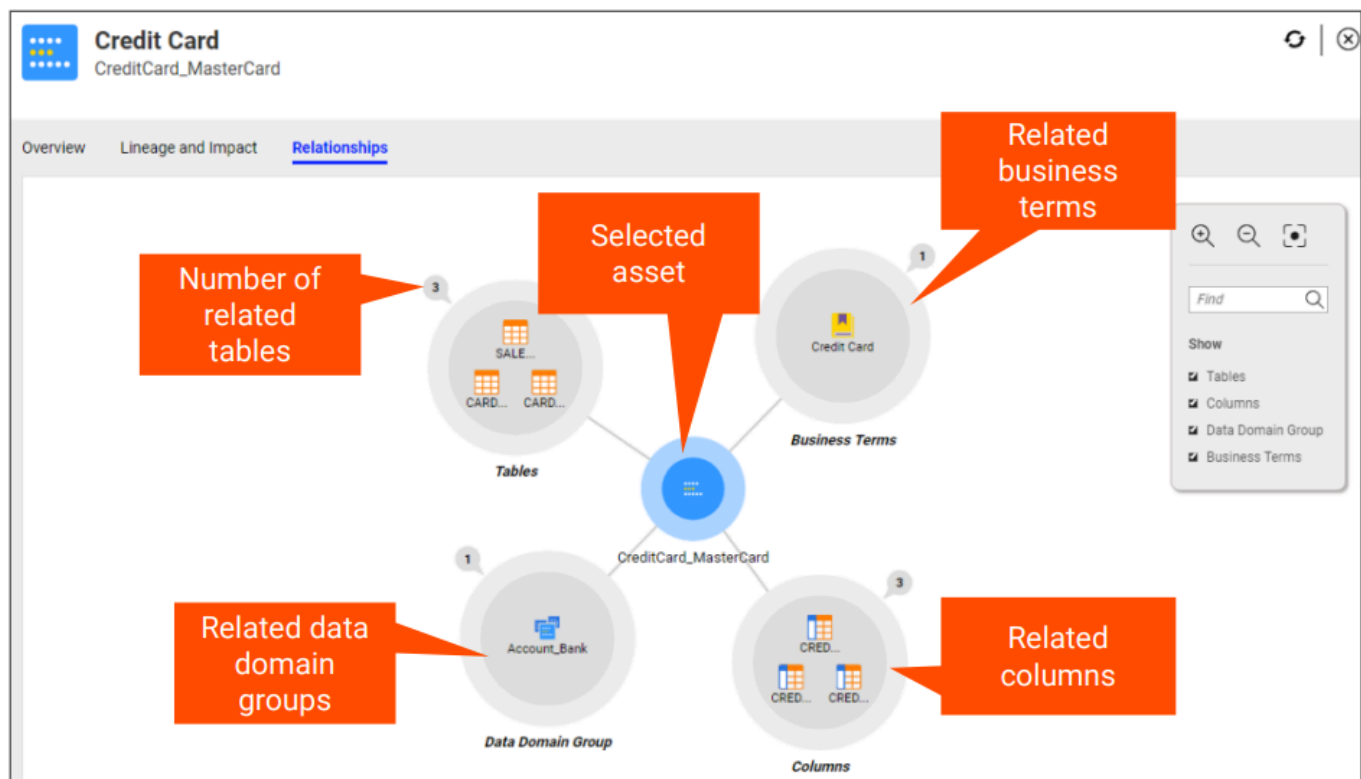

1-Navigation

1. Log in to EDC
2. Search for the asset
3. Open the asset to view its details
4. Open the Relationships view

Add Business Title
